SUPERINTENDENT OF SCHOOLS
CAPE BRETON-VICTORIA REGIONAL SCHOOL BOARD

Cape Breton-Victoria Regional School Board serves the educational needs of over 13,000 students and 2,000 teachers and staff through 52 schools across the region.

On their behalf, we are seeking a seasoned educational leader to support these students, teachers and staff in their quest for a quality learning experience and working environment.

What qualities are needed as Superintendent of Schools?

First and foremost, you are a passionate educator who believes that the learning needs and well-being of students are the foundation of all policies, programs and services.

On top of that, you believe that quality teaching is strengthened by better learning conditions, modern teaching technologies, and continuous professional development, and you have a proven track record of supporting these initiatives.

A strong administrator, you are as comfortable speaking about budgets, facilities, transportation, and technology as you are speaking about learning outcomes. You are an exceptional leader of people and have the ability to inspire and motivate staff to high performance.

You are comfortable serving as the face of the organization and can handle highly-public, contentious situations with fairness, dignity and integrity.

As the main interface with the elected School Board, you are fully adept in governance as you provide the link between the Board’s strategic plan and the day-to-day administration. You respect all stakeholders knowing that everyone has a voice in the future of our public education.

Academically, you possess a Master’s degree in educational administration or leadership. Professionally, you hold a valid teaching certificate and have senior level management experience in a school system. And last but certainly not least, you are sensitive to the political, social, economic and cultural issues that affect our schools and the learning environment for students.
