LEADING EQUITABLE ASSESSMENT PRACTICES ENGAGING ALL LEARNERS

Anne Davies and Sandra Herbst, two of the world’s foremost experts on assessment for learning, introduce the concept of Assessment Leadership for Learning and how you can move your system forward — whether your system is a school, a cluster of schools, a department, or an entire district.

The NSELC in partnership with Education Leadership Canada is pleased to offer this exciting professional learning opportunity for educational leaders and leadership teams at all levels such as P-12 teachers, and administrators at the school, district and provincial level.

This two day conference will provide participants with multiple opportunities for discussion and reflection on how to move the principles of assessment for learning beyond theory and into practice. Participants will develop strategies, tools and a site based action plan that will support them in leading the implementation of a culture of assessment in the service of learning.
